Pool dug, colors picked for CPN Wellness Center

The pool has been dug and the color scheme chosen for the Citizen Potawatomi Nation's newest project, a Wellness Center.

The center is being built just south of the tribe's health center at 2307 Gordon Cooper Drive. Wellness Center director Joyce Abel, RN, said the facility will serve tribal elders both with meal and fitness programs, as well as health and fitness needs of the other tribal members and the entire community. The center will be open to the public.

An Indian Community Development Block Grant from the U.S. Dept. of Housing and Urban Development is funding the project, which could be open by early fall. It will house a nutrition program, kitchen, physical fitness workout area including free weights, universal exercise equipment, aerobics, a physical therapy pool, saunas and extended services, such as health counseling and physical therapy for rehabilitation as well as health promotion and disease prevention.

About 13,000 square feet will be devoted to the Wellness Center, Abel said, with the rest planned for the senior nutrition program. Abel and project director Bill Nuttle worked with Title VI director Denise Lackey, Patterson/Johnson Architects, design technician Tom Treat and other staff to plan the facility. Abel praised the tribe's Business Committee, made up of John A. "Rocky" Barrett, Linda Capps, Gene Bruno, Hilton Melot and J.P. Motley, "for having the foresight and the initiative to conceive and implement a project of this stature."

The following information was taken from the *Moving History: The Evolution of the Powwow* by Dennis Zotigh

Powwows are the most public events of Indian life in Oklahoma, and visitors are welcome. Here are some suggestions to help you enjoy the powwow:

- Bring a lawn chair. If you plan to sit in the bleacher seating, bring a blanket.
- Be careful not to sit on the benches of the inner circle. These are reserved for dancers.
- Other things you may want to bring: sunscreen, bug spray, ice chest with snacks and an umbrella.
- Please remember that no alcohol is allowed.
- Dress conservatively to show respect.
- Dance only when invited, but do join in if you are invited to join a social dance.
- Ask permission before taking pictures. Photos may be prohibited during contest dancing.
- Respect feathers and regalia. In the arena do not pick up any fallen feathers. This is the duty of the Arena Director.
- As in any social gathering, good manners will enhance the enjoyment of all. Most Indian people are ready to answer polite questions.

CPN police officers cross-commissioned by BIA

On February 28, 2002, eleven tribal police officers for the Citizen Potawatomi Nation were cross-commissioned by the BIA, giving them the ability to enforce federal laws within the tribe's jurisdiction.

Leon Glenn, Commander of BIA law enforcement in District II, presented the eleven officers with commission cards. Glenn said, "This [card] gives them the same authority that a BIA officer would

have on their land — they can work federal cases."

Glenn emphasized that law enforcement in Indian country in Oklahoma is more difficult than in other parts of the United States and that makes cross-deputization more imperative than in other regions. "In other areas, they have very distinct boundaries; they know where the reservation is and where it ends," Glenn said. "In Oklahoma, there

are no such boundaries; it's all checkerboarded. So, you're in and out of Indian country constantly."

The eleven cross-commissioned officers are full-time law enforcement officers and have completed extensive federal law enforcement-training courses such as CLEET — Council Law Enforcement Education Training and FLETC — Federal Law Enforcement Education Training

Center.

Champion Dog

Mike Wood and his Border Collie Flo recently won 2001 Ranch Dog and Handler of the year. The Oklahoma Stock Dog Association presented Mike a Montana Silversmith belt buckle. Points are accumulated in a total of 12 sheep dog trials being held in different locations all over the state. Dogs come to compete from all over. Some of the dogs and their handlers came from California, Colorado, Louisiana, and Wyoming. Mike and Flo won by a 25-point margin. The 2002 season is underway. This year, in addition to the regular trial circuit, Mike and Flo will be competing at the Oklahoma State Fair in Oklahoma City as well as the Tulsa State Fair. Mike was elected vice president of the Oklahoma Stock Dog Association at the last meeting and is looking forward to the 2002 season.

CPN Mail Bag

Dear Scholarship Committee,

With financial help from our tribe, I was able to complete my undergraduate degree here at the University of Alaska, Fairbanks in 1994. I continued on with my education and will graduate with a Ph.D. in Applied Wetland Science in May 2002.

Even though I did not apply for scholarships once I had my undergraduate degree, I still feel that without the support I had from the Citizen Potawatomi Nation I would not have reached this goal in my education. I believe it is imperative to support our youth in all their endeavors and by underwriting their education we are ensuring

a brighter future for them and all of our tribe.

Thank you for helping me reach my goals!

Dave Maddux

CORRECTION

In a letter from the Grievance Committee published in the March 2002 issue of the *HowNiKan*, the following errors were made: the author, Kristie Hall, was identified as the chairman of the committee, when she is actually vice chairman, and her closing "Respectfully," and her e-mail address, kristie@ocs-corp.com were accidentally left off the published version of the letter. We apologize for the errors.

Fellow Tribal Members:

Howard finds success in musical way of life

Scotty was born a native Oklahoman at Concho, Oklahoma in the Cheyenne/Arapaho Indian Hospital. Proud of his Potawatomi heritage, he has lived in Harrah, Oklahoma for the past 24 years.

At the age of eight he began singing and playing the guitar on radio, stage and TV. He has appeared with such stars as George Morgan, Faron Young, Carl Smith, Red Foley, Brenda Lee, Ernest Tubb, Marvin Rainwater and many others of the Grand Ole Opry and Ozark Jubilee. He also appeared on the Louisiana Hayride in Shreveport, Louisiana as a special guest in April and November of 1976. Both were sell-out performances. He has also appeared on the Oklahoma Opry in Oklahoma City.

Over the years, Scotty has had several bands of his own and has written several country and gospel songs as well as recording them. Presently, he has a band, "SET 'N-

PRETTY," a bluegrass/country/gospel group, singing lead vocal and playing the dobro. He also plays the guitar and bass.

Tommie, Scotty's wife, is of Cherokee heritage and is in her own right an

accomplished singer and spoon player. She sings harmony primarily and sometimes lead vocal as well.

Since Tommie joined Scotty in his music, they have appeared on several shows together. These have included appearances at the Oklahoma Opry in Oklahoma City, Mountain View, Arkansas as well as numerous bluegrass festivals, promoting their bluegrass festival. They also spent a week in Avoca, Iowa in September of 1999, at the traditional music festival. They host a bluegrass jamboree the fourth Saturday of each month at the Harrah Music Hall. Their band, SET 'N PRETTY, plays at least once a season at the Oklahoma Bluegrass Club shows and the Greater Oklahoma Bluegrass Music Society.

Scotty and Tommie have recently released their first CD, *The Angel Song*. The fine talent of "The Arbuckles" backs them in this endeavor.

In August of this year they will host

the fourth year of the Midwest Bluegrass Festival. Begun as an effort to increase bluegrass music appreciation and participation in the central Oklahoma area, this festival has received great response and they hope to continue it for several years. You can find details of this festival at their web site as well as appearances elsewhere by this popular duo.

A big fan of traditional music, they specialize in playing only traditional country, bluegrass and gospel songs. Their most requested number is a song co-written by Gene Autry in 1947 and sung in his first full-color movie, *The Strawberry Roan* in 1948. This is also the title song of their new CD, *The Angel Song*.

Iliad Press Announces "America - Voices Coming Together"

STERLING HEIGHTS, MI - *Iliad Press* is pleased to announce that Thomas Christopher Kambiss of Crystal Beach, FL is a contributor to "America - Voices Coming Together," one of the most exciting publications to date to be released by Iliad Press. This book, a collection of literary and artistic work, will reflect the patriotism, feelings and viewpoints of its contributors as they relate to America, the September 11, 2001 terrorist tragedies, and the future of America.

"America - Voices Coming Together," will contain a variety of artistic genre: drawings, prayers, poems, songs, letters, editorials, memoirs, greetings, and prose. People of all ages and from all countries will be contributing. This hardcover, patriotic anthology will be distributed to Washington D.C. executives, New York City police and fire departments, state and world officials, libraries, churches, the military, schools, world organizations, as well as to thousands of anthology readers.

Contributors, such as Thomas Christopher Kambiss, will be working together to help America recover from the September 11, 2001 attacks. When purchasing this book, all buyers will be contributing to a disaster relief fund when Iliad Press donates 5% of the books gross proceeds. The charity to benefit from this donation will be selected by the book's contributors.

The idea for the book came about when editor Sharon Derderian, knowing that "writing" as well as "reading" literary works can help people cope with adversity, decided to schedule its publication. While commenting to members of The National Authors Registry, she said, "Sometimes you just can't make sense of tragedy, especially as it relates to the terrorist's attack on September 11th. This catastrophe has affected all of us as we try to deal with the disaster and the subsequent events following that day. Remember, by purchasing this book, you are sharing your thoughts with people worldwide, perhaps helping them to understand this tragedy. It is through our sharing and supporting each other, that we will remain a powerful and spiritual nation."

Iliad Press invites and encourages all writers and artists to contribute to "America - Voices Coming Together." To learn how to become involved, contact Iliad Press or visit the web site: www.cader.com.

Tragic of Life

by Thomas Christopher Kambiss
Crystal Beach, FL

Sometimes you want to fly away.
You never expect to have a bad day.
Sick and evil minds board the flight
Take away the people who saw the light.
The light that stood for every thing good and delight
O evil people on a mission who were wrong not right.
It was a tragic of life, many people lost their wife
Some lost their loved ones! Others wondered what was done.
When the day was done.
Everybody that what was won.
Disaster and destruction to our town.
People stood not happy but a sad frown.

Fire men and women and police men and women tried to help.
It was a tragic of life. Many people lost their wife!
We lost our loved ones! We wondered what was done.
Justice and freedom we took to the sky.
We knew what was done but didn't want a reason why
we flew our bombs to the devil's land.
Evil people that hid in caves unlike a man.
We want to bring justice to the devil Osama Bin Laden
He ran and hid like a coward that sinned often.
We will overcome the tragic of life.
Believe in God and Jesus our Saviour!
Peace. Love, and God Bless our soul.

Festival time for fun, information about your tribe

Bouzho, Nicon (Hello, my friends)

It won't be long until Heritage Festival time! This year promises to be the most fun ever! For those of you who have not come to the Heritage Festival, it is three days of celebration of tribe and family. Since our entire tribe of nearly 26,000 is descended from some 40 families, we hold a family reunion for eight of them each year. That way, each of our founding families gets to meet every five years. We furnish a special tent for each family with maps of their original allotments, all the history we can find, and have a special song for their dance on Saturday night. Each family selects a member to honor by having them lead their family into the dance circle on Saturday night. After they go around once, the other seven families come into the circle to dance with them and honor them. Each of the eight families honor each other by dancing together, and then all of us join in. It is a great moment that we have come to look forward to each year. Don't miss it. It is the heart of the celebration of our culture and history and a wonderful way to meet some new kinfolks!

As always, we will offer food at no cost for each meal for the three days — all you can eat as often as you want. There will be special events going on several times each day. The schedule is printed in this HowNiKan. I will be hosting the Citizen Potawatomi Handgame again this year, with lots of cash prizes. I look forward to seeing all of you. This is a very special occasion for our tribe and we put aside our differences and just have fun. It is a wonderful opportunity for the children to learn about their tribe and interact with their elders. Any Citizen Potawatomi or those related to a Citizen Potawatomi by marriage is welcome. Our tribal employees are also invited to attend so you can meet them and find out what a great group of people you have serving your tribal government.

Since we are feeding everyone and providing so many opportunities for prizes, we ask that you limit your guests to those who are related to you by blood or marriage. It will be a great time that you will remember for years to come. If you plan to enter one of the events, let the folks know when you register.

Plan to attend the General Council Meeting on Saturday afternoon. Once again we are holding it in the bingo hall because of the need for more seating

room. There will be a presentation of the financial reports and annual reports about tribal activities. This is your meeting so special effort will be made to make it pleasant and orderly. The polls will be open at the Long Room for the tribal election from 7 a.m. until just before the General Council Meeting. Be sure to vote if you did not vote by absentee ballot. If you received your absentee ballot but did not mail it back, you can bring it to the polls and put it in the ballot box instead of taking the chance that the mails will be late in getting it to the post office box in time.

Please examine the draft of the new Constitution I put in the last paper. We recently received some excellent suggestions for changes and will put them in the next draft publication. This constitutional form truly is a fair way to balance the need for the recognition and representation of the Regional Councils and still weight the legislature towards proximity with the tribal territory in Oklahoma. Please urge Gene Bruno, Hilton Melot, and J.P. Motley to allow it to go to a vote of our people so it can be submitted to the Bureau of Indian Affairs for approval and ratification by a Secretarial Election.

The ideas contained in the new Constitution draft have been presented to the Regional Councils for years, virtually at every meeting. The proposed Constitutional concepts have been discussed in the HowNiKan in this column for many years. These are not new ideas. It is the goal of Vice-Chairman Capps and myself over this last three years of my final term in office to accomplish the vitally needed changes in our Constitution that are proposed. Please get involved. Our future progress as a government is at stake.

Be sure to check out the progress our tribe is making and has made over the last year. We have begun construction of the new \$1,200,000 Wellness Center south of the clinic. It will house the elders'

activities and provide all of our local members a facility to improve their health through exercise and education. We are also going to start the new Citizen Potawatomi Nation Cultural and Tourism building to be built where the old museum and Long Room buildings are now located. This building will cost \$1,500,000 and will have a new museum and gift shop, plus a 750 seat meeting room. Both of these buildings are

primarily funded through Community Development Block Grants from the Department of Housing and Urban Development. In addition to these new buildings we will start construction in the next three months on the new expanded day care center. We have \$1,100,000 budgeted for this construction. It will allow us to serve up to 400 children. This is a memorable period for our tribe and one we can look back on with pride.

There are only a few days left to request ballots for the election. Please send in your request for ballot forms today! Thank you for your many letters and e-mails of support.

Megwetch,

John Barrett
